MEMORANDUM

SUBJECT: Texas Federal Facilities

FROM: Martha M. McKee, Chief
Superfund Site Assessment Section

TO: Hilton Frey, Chief
Superfund Compliance Section (6H-EC)

We have been reviewing the CERCLIS records to identify sites covered by the congressionally mandated deadlines for preliminary assessments and site inspections. Eighteen sites in Texas need PA's/SI's by January 1989. If the federal agencies are not prepared to conduct these assessments, we can use the FIT contractor to initiate the work. If these sites have RCRA files, we can complete PAs using that information.

Please check your records and let me know how we should proceed on these sites.
